This agreement, including the Shipped Cooled Semen Contract if applicable, is made on

\_\_\_\_\_ (Date) between Angie Marques herein referred to as Stallion Owner

and \_\_\_\_\_ herein referred to as Mare Owner. The Mare described above is to be bred to the stallion SKIPPIN THE BARS starting in the 20\_\_ breeding season. Both above stated parties agree to the following:

1. Angie Marques' receipt of this stallion breeding contract confirms the mare's reservation to be bred for the season to the above stated stallion for the breeding season of year 20\_\_. The breeding season is defined as February 1st to August 1, 20\_\_. The mare owner shall return a copy of mare's registrations papers (front and back) and photo with this contract. Stallion owner will return photo if mare owner wishes. Possible considerations for August breeding.

2. Mare owner agrees to pay the stallion breeding fee of \$500 for the breeding to **SKIPPIN THE BARS**. Included in this breeding fee is a nonrefundable booking fee of \$150. A payment of \$350 will be due upon presentation of the mare to Angie Marques. The booking fee will be deducted from the stallion breeding fee. Any balance plus all unpaid expenses will be payable upon receipt of an invoice or when the mare leaves the farm, whichever is first. The mare (and foal, if applicable) shall be released only upon payment in full of all outstanding invoices, including those from the attending veterinarian. The stallion fee is considered due upon signature of this contract and is non-refundable after the first provision of stallion service.

3. The mare owner agrees to provide Stallion Owner with a healthy mare in sound breeding condition and free from infection. Stallion owner may require a recent negative uterine culture before breeding the mare. This is to the benefit of both the mare owner and stallion owner. Any mare certified by the attending veterinarian not to be in sound breeding condition shall not be bred. Mare owner may substitute another mare within the same breeding season or the following breeding season.

4. The mare owner agrees to pay \$10 a day for mare care, if pasture or hand bred.

5. The stallion owner agrees to diligently settle the mare and the mare owner agrees to give the stallion owner sole discretion of determining the best method of breeding such mare. The mare owner agrees to give the stallion owner ample opportunity to settle the mare. If, however, the mare does not settle, the mare owner will hold the stallion owner harmless. Also, the stallion owner reserves the right to not breed a mare if the stallion owner finds the mare unsound for breeding or dangerous to breed.

6. In case of an emergency, mare owner grants permission to the stallion owner (or their acting agent) to call a veterinarian of choice, if mare owner's desired veterinarian is unavailable. All veterinarian expenses incurred by the mare and/or foal are the responsibility of the mare owner. The mare owner agrees to pay all veterinarian expenses to Stallion owner or Veterinary in connection with the mare and/or foal before leaving property. A bill from the veterinarian will be provided.

7. Should the stallion die or become unfit for service before completion of the obligations outlined in this contract, then this contract shall be voided and breeding fee will be refunded, less any outstanding amounts due.

8. This contract is good for one live foal within 2 consecutive breeding seasons and a breeder's certificate for that one foal. If the foal fails to live up to five days, or the mare aborts, a death certificate is required from a veterinarian and needs to be presented within 10 days after the foal's death to the stallion owner to entitle the mare owner for a rebreed. The mare owner agrees to contact the stallion owner immediately upon death or suspected miscarriage. In this case, no booking fee will be due and the mare is entitled for a rebreed during the next breeding season. If the same mare is unavailable the mare owner may use another mare of their choice. If the mare owner's mare does not produce a foal within two years of this contract, this contract is considered null and no rebreeds or refunds will be available (stallion owner may make considerations). A breeder's certificate will be issued to the mare owner after all expenses have been paid in full and upon notification of birth of the foal.

9. This contract is between Stallion Owner and the mare owner only. This contract cannot be sold or transferred.

10. Waiver of liability: It is understood that care will be taken for both the mare and foal presented to Stallion Owner to prevent accident, sickness, or death and that the mare owner will not hold Stallion owner responsible if any such occurrence(s) should arise. It is understood that SKIPPIN THE BARS, its owners, employees, veterinarians, and guests shall not be liable for any injury, escape, disability, or death of the mare owner's mare and / or foal on its premises. In turn, the above named Mare Owner, whose horse are under the care of Angie Marques, will not be liable or responsible for any damage, injury, or death to the breeding farm stallions, employees, veterinarians, or other animals in the care of Angie Marques.

11. The stallion owner will have a necessary lien until paid for all fees, charges, and expenses that are incurred while the mare and/or foal are under the stallion owner's care. Mare owner shall be responsible for all attorney/court fees incurred by the stallion owner while attempting to gain payment. The laws of the State of California govern this contract. All accounts are due and payable in San Luis Obispo County, California.

12. Please have your mare pregnancy checked at 14 days to determine pregnancy and the possibility of twins and then again at your veterinarian's recommendation within 60 days of the last breeding date and notify the Stallion Owner if the mare is still open. Also, it is the responsibility of the mare owner to administer an Equine Rhinopneumonitis vaccine at 5, 7, 9 months of the mare's gestation.

13. **The Mare owner agrees to provide a mare with her rear shoes removed**, otherwise, the mare owner agrees to pay the stallion owner's farrier to remove the shoes. The mare owner understands his/her mare will not be bred until the shoes are removed.

14. When the named mare owner signs and returns this contract to the breeder and the stallion owner signs the contract, the contract will then be a binding contract on both parties, subject to the above terms and conditions. This contract is not valid unless completed in full.
